Mail-Order Annie

by Carl C. Cashin

Produced with permission of Mr. Carl C. Cashin

This romantic comedy/drama focuses on the mail-order bride phenomenon, which was instrumental in the development of Western Canada, circa 1905 to 1925. Rich in “Canadiana”, the story traces the lives of Annie O’Ryan, a spinster from Belleville, Ontario and John Proctor, a grain farmer on Saskatchewan’s Great Plain. From their stormy first meeting at a rural CPR station, through the Great Depression and finally WWII, we share the hopes and dreams of a struggling Canadian family. This was the Full Length category-winning play in Theatre BC’s 13th Annual Canadian National Playwriting Competition, marking the second year in a row that a Full Length category winner has been presented at MAINSTAGE.
